

Farmers Tax Guide

This is the time of year when folks request a copy of the Farmer's Tax Guide, Publication 225. There are two ways to get copies. You can phone the IRS National Distribution Center at 800-829-3676 and request copies. You can also go to the IRS website at www.irs.gov and in the search window type in publication 225 and you can then print a copy.
